*My mother's funeral was 5/6/23.  
I've been calling for over a month regarding her ashes.  
I'm trying my best to remain calm especially being that I was assaulted  
and attacked 3 times during her home going service, and the  
perpetrators were not removed as me and the church asked before  
they called police. I am an International best selling Author. It will only  
take one social media post to sabotage your "business". I also have  
audio conversations of info I was given from "Norris" himself regarding  
Dorothea's business that I should not have been privy to. This is why  
many do not entrust certain business to "black folk." You have until the  
close of business TODAY to respond regard my Mother's ashes!!!  
Goodbye*
